TEXANS MADE SERIOUS CHARGE

BOMBS DROPPED ON WOMEN IN ALICANTE MARKETING PLACE

AT LEAST 250 KILLED AND THOUSAND WOUNDED IN REBEL RAID

ALICANTE, Spain, May 26.—(P)—Rescuers dug steadily today in the ruins of Alicante's shattered market place, extricating victims of yesterday's most disastrous air bombardment of the Spanish civil war.

The thundering detonations toppled towering masonry into dugouts into which men, women and children had crowded for refuge.

Many bodies were tangled and torn to bits.

The casualties in the city of 70,000, which is 130 miles south of Valencia, far exceeded in proportion the disastrous series of air raids in March upon Barcelona, a city of more than 1,000,000, when there were 3,000 fatalities.

More than 100 of the victims were found in the market place alone. Outside Alicante 50 were killed and hundreds injured.

Alicante caught the brunt of insurgent air attacks in which more than 100 heavy bombers shuttled back and forth all day yesterday from the island base of Mallorca to government coastal cities and towns, unloading explosives.

Sagunto, most-raided government-held city near the coast, was visited by 38 bombers which dropped 95 missiles into the town. Thirty casualties were reported and 40 buildings were destroyed and 90 others damaged.

REBEL AIRPORT IN SAN LUIS POTOSI CLAIMED DESTROYED

REBEL PLANES HAD PREVIOUSLY BOMBED SEVERAL SMALL LOYAL TOWNS

MEXICO CITY, May 26.—(P)—The Mexican government today said its planes raided and destroyed a Cedralista rebel airport a few hours after War Minister Manuel Avila Camacho had declared rebel forces of them flown to United States pilots, had bombed several small towns occupied by loyal Federals.

Bombing ships raided the rebel airport near El Rucio in San Luis Potosi state yesterday, the government press bureau announced, blasting and firing gasoline tanks and scattering the party guarding the field.

From Tampico came word that a swift plane swooped low over that port and let fall a shower of leaflets propagandizing the cause of General Saturnino Cedillo, the rebel chieftain.

Other developments included the report of two pitched engagements between detachments of federal and Cedralista bands, one of them lasting eight hours, and the decision by President Lazaro Cardenas to send schoolteachers in the wake of his soldiers into the small villages and towns to explain his program to the peasants.

Details of the reported raids by Cedralista aviators were not divulged by General Avila. He said, however, that Cedillo had foreign aviators in his employ, among them United States fliers.

The government communique quoted him as saying Cedillo had but three planes in his service, two of them designed for commercial use and the other a military machine.

Had Ten Planes. Other sources, however, asserted the rebel leader last August had ten machines, two of which were military.

See MEXICO, Page 3.

SEARCH FOR BODIES IN BURNING WRECKAGE OF GREAT AIRLINER

Firemen and policemen are shown delving into the burning wreckage of a twin-engine airplane in a search for bodies after the large transport plummeted inexplicably to earth near Cleveland, carrying ten persons to their death. The craft, bound from Newark to Chicago, fell only eight miles from the Cleveland airport, where it was scheduled to land.

COUNTY SURVEYOR LOCATES EMHOUSE BRIDGE PRECINCT 2

CHAMBERS CREEK SPAN NOT IN PRECINCT ONE, COMMISSIONERS LEARN

Emhouse bridge, now in had state of repairs and regarded as extremely dangerous, spanning Chambers creek four miles north of Emhouse, is located in Commissioner's Precinct 2 and not in Precinct 1. This statement was made at the courthouse Wednesday afternoon to members of the commissioners' court by Wm. M. Elliott, Navarro county surveyor.

"There is no question as to where the line is," he said. "The line between these two precincts originally and now is the old channel of Chambers creek, approximately 2,200 feet south of the present bridge and trestle, near the foot of the hill going into the bottoms, Mr. Elliott reported.

The concrete pillar holding one end of the steel span has caved in, leaving only a small steel stringer holding the span from falling into the creek. This occurred several weeks ago following a series of overflows and high waters incident to torrential rains in sections of Ellis and northwestern Navarro counties.

Boundaries Questioned. The also has been a controversy between Ellis and Navarro counties as to the boundaries of the respective counties in that section. Ellis county now claims the bridge and trestle and the line surveyed over several years ago by surveyors bears out that contention, county authorities have stated.

A number of years ago when Ellis county had improved roads and Navarro county's road system was in bad condition, Ellis county is reported to have destroyed the cost of the approach on the north side of the span, See BRIDGE, Page 3.

James L. (Monty) Brandon, above, a flier with 19 years experience, was pilot of the United Airlines plane that fell and burned near Cleveland, taking the lives of all 10 occupants.

Miss Mildred Mack, above, of Chicago, was stewardess of the airplane that crashed and burned near Cleveland, with the loss of the lives of all 10 occupants.

POVERTY HAS FOLLOWED DUST BOWL REFUGEES TO GREEN HILLS OF PACIFIC NORTHWEST SECTOR

PORTLAND, Ore., May 26.—(AP)—Poverty, like a great plains dust cloud, has followed thousands of drought area refugees to the green hills of the Pacific Northwest.

And, said the Pacific Northwest Regional Planning Commission, poverty will remain unless development of agricultural lands and industry can be speeded to care for those already here and those to come.

In the seven years following 1930, 36,000 families left their dust bowl homesteads and turned battered automobiles westward. About 19,000 arrived in the 18 months prior to July, 1937. And still they come.

THREE MINISTERS LEFT CABINET OF JAPAN THURSDAY

DRASTIC REORGANIZATION APPARENTLY GIVES ARMY FIRMER GRIP

TOKYO, May 26.—Japan's foreign, war and finance ministers left the cabinet today in a drastic reorganization by which the army appeared to have won a stronger grip on the government, with the likelihood that there likely now will be made a new and stronger effort to end the China conflict with quick victory.

The departing ministers were Koichi Hirota, foreign minister; General Gen Sugiyama, war, and Okinobu Kaya, finance.

Li Gen, Seishiro Itagaki, who has been on the China front, becomes war minister. Heide Ikeda becomes minister of finance. The new foreign minister is General Kazushige Ugaki.

Marquis Koichi Kido gave up his post as minister of education but remains in the cabinet in the newly created post of welfare minister.

General Baron Sadao Araki, a former minister of war who has predicted Japan one day may have to fight Russia as a "world menace," becomes education minister.

First Load New Wheat Received Seymour, Texas

SEYMOUR, May 26.—(AP)—The first load of new wheat in the Wichita Falls area was sold here yesterday afternoon by Adolph Isticli, northwestern Baylor county farmer. The grain tested 58 pounds and brought 64 cents a bushel.

Sunshine following rains last week-end has sent hundreds of combines into wheat fields and the harvest is gathering speed throughout the area.

Dallas County Wheat. FORT WORTH, May 26.—(AP)—Dallas county produced and shipped the first carload of 1938 wheat to reach the Fort Worth market. This car was grown at Carrollton and shipped from that town yesterday reaching Fort Worth today.

Containing about 1,200 bushels this first carload graded No. 2 and tested 58.6 pounds to the bushel, 16 per cent moisture and 10.5 per cent protein.

It was purchased by the Transit Grain and Commission company of this city at 73 cents a bushel, f.o.b. Carrollton, a price considerably above the present market value of the grain.

CZECHOSLOVAKIA IS BUSY WITH MILITARY DEFENSE PROGRAM

THE TROOPS MOBILIZED FOR BORDER DEFENSE REMAIN AT FRONTIER TODAY

PRAHA, May 26.—(AP)—A government spokesman said tonight that a German warplane had been sighted on a flight over Czechoslovakia's great munitions plant, the Skoda factory, at Pilsen (Pilsen).

The report cast a shadow over the prospect of a German Czechoslovak settlement. The flight over Pilsen, some 50 miles from the German border in western Bohemia, was said by spokesmen to have been one of three border violations yesterday.

Foreign Minister Kamil Krofta had assured German Minister Ernst Eisner that the Czechoslovak government had taken measures to prevent such violations by its own planes after Eisner cited three cases.

Krofta cited 14 instances of aerial trespassing by Germany, involving 24 planes, between Friday and yesterday. He said that in some cases the planes flew in formation.

Studying Suggestions. Meanwhile the Czechoslovak government today studied new French and British suggestions. See CZECHOSLOVAKIA, Page 5.

TREASON TRIAL OF CODREANU, THE HITLER OF RUMANIA, ISSUE IN CENTRAL EUROPEAN AFFAIRS

By DEWITT MACKENZIE Associated Press Foreign Writer NEW YORK, May 26.—(AP)—In the thunder over Czechoslovakia, few news commentators would be easier to recognize an event of world importance in the treason trial of Corneliu Codreanu, that hypnotic personality known as the "Hitler of Rumania."

This colorful organizer and leader, an exponent of direct action, is charged with plotting to overthrow his government and establish the Nazi brand of fascism.

Suicides of Jews In Austria Drop Seventy Percent

VIENNA, May 26.—(AP)—Suicides of Jews have fallen 70 per cent in the past two weeks, both government and Jewish community leaders said today.

JUNIOR HI SCHOOL TO GRADUATE 148 FRIDAY MORNING

SIXTY-NINE BOYS AND SEVENTY-NINE GIRLS WILL RECEIVE DIPLOMAS

One hundred forty-eight graduates of the junior high school will receive their diplomas at the annual commencement exercises at 10 o'clock Friday morning in the school auditorium. It was announced today by Principal G. P. Allen, after the list of graduates had been compiled. Students received their cards early Thursday afternoon.

YOUTH SUFFERED MANY STINGS TO SAVE HIS HORSES

YUBA CITY, Calif., May 26.—(AP)—Harold Seuffert, 18, was under treatment today for serious bee stings suffered when he braved a swarm of the insects to untangle the harness and save his horses so that the team could run away. Physicians yesterday removed more than 200 stingers from Seuffert's body. The bees were disturbed in a field through which the team was pulling a wagon.

MURCHISON, BURKE SEEK FEDERAL AID FOR CITY PROJECTS

MAYOR AND COMMISSIONER IN WASHINGTON IN CONNECTION CITY PLANS

WASHINGTON, May 26.—(P)—Two Corsicana, Texas, officials conferred today with officials of various governmental departments, seeking federal aid to launch utility improvement projects in their city.

Mayor J. S. Murchison and City Commissioner J. Harry Burke, discussed with Public Works Administration and Reconstruction Finance Corporation officials, the possibility of financing construction of a \$100,000 water main from Corsicana's municipal lake, and replacement of sewage pipes at a cost of \$20,000.

Burke said they also would inquire into possibility of obtaining money for establishment of a city-owned gas distribution system in Corsicana.

NAME COMMITTEES CONNECTION WITH TERRELL ADDRESS

CANDIDATE FOR RAILROAD COMMISSIONER OPENS CAMPAIGN CORSICANA

Final arrangements were being completed Thursday for the opening of Judge C. V. Terrell's campaign for re-election to the Texas Railroad Commission in Corsicana Saturday evening according to Otis M. Rector, general chairman.

A get-together and barbecue for ex-students of Texas A. and M. College will be held in the afternoon beginning at 4:30 at Lake Hubbard with the chairman of the commission, an Aggie alumnus, as an honor guest along with newspaper editors and publishers from the entire Central Texas area.

Parade Scheduled. A big parade is scheduled in the downtown section starting at 6 o'clock with three Corsicana bands and perhaps dozen other musical organizations from cities adjacent to Corsicana participating.

Judge Terrell will formally open his campaign on the platform on the lawn of the Navarro county courthouse, climaxing a program scheduled to start at 7 o'clock N. S. Crawford, Navarro county democratic chairman, will preside at the meeting.

Several committees have been named to care for various phases of the activities and all are reported active by General Chairman Rector. The committees chairmen include N. S. Crawford, reception; Beauford H. Jester, entertainment; A. F. Mitchell, chairman, and F. C. Paul, vice-chairman. See TERRELL, Page 5.

CONGRESSMAN DIES SAYS ASSASSINATION PRESIDENT URGED

TEXAN SAYS INFORMED GERMAN-AMERICAN BUND MEMBER URGED ACTION

WASHINGTON, May 26.—(P)—Representative Dies (D-Tex) advised the house today he had information that a member of the German-American bund, in a speech at one of the main "Nazi" camps in this country, had advocated assassination of President Roosevelt.

Reporters in the press gallery understood Dies to say a member of congress had made the speech and Dies confirmed that understanding in reply to a note sent to him on the house floor.

Later, however, he told newsmen he had stated a bund member had urged assassination. He explained the member was a German and that Dies had not named the member.

The Texan did not name the camp or amplify the charge. He made it at the start of debate on his resolution to authorize an investigation by a seven-man house committee of the extent, character and objectives of un-American propaganda in the United States.

Dies said he was not an alarmist, but that he had "shocking" information supplied to him concerning the extent of a Nazi movement in this country.

He said there were 32 Nazi camps in the nation which claimed a membership of 480,000. He had seen photographs showing men "marching and saluting the Nazi Movement."

"I have information," Dies added "that these individuals and groups have contributed funds for the purpose of encouraging a fascist or Nazi movement in this country."

The proposed investigation will not be directed at the German-American people, Dies asserted, because "there is no more loyal class" of citizen, generally. He added his own mother was a German.

Members of the so-called house liberal bloc quickly offered criticism of the resolution. Representative Johnson (F-Minn) wanted to know why, if Dies had information about Nazi camps, he did not attempt to obtain passage of a bill by Representative Voorhis (D-Calif.) to forbid military activities in this country other than the closing of the 4.8 mile gap in the pavement was listed at \$100,000.

EARLY CLOSING OF GAP IN HIGHWAY 22 IS NOW INDICATED

AUSTIN, May 26.—Early construction of the 4.8 mile gap in the pavement on Highway 22 from Frost to a point west of the Hill-Navarro county line near Mertens was indicated in the action taken Wednesday by the Texas Highway Commission. The project originally was scheduled on the 1939 program, beginning July 1, but was one of eleven projects moved up to the 1938 program Wednesday by the commission. It was indicated that the contract was expected to be let on these projects before July 1.

The estimated cost of the 4.8 mile gap in pavement was listed at \$100,000.

The closing of this gap will give a paved highway from Corsicana to Hillsboro, connecting Highway 75 and 22. Corsicana with a number of cardinal highways at Hillsboro.

AGE AGAIN TRIES TO FATHOM REASONING OF YOUTH IN TRIAL BOY FOR KILLING SWEETHEART

MARY ELIZABETH PLUMMER NEW YORK, May 26.—(AP)—Age tried again today to fathom the reasoning of youth in Queens county court, where 16-year-old Donald Carroll testified he did not carry out a suicide pact after shooting his sweetheart because "I was thinking about saving her."

He and Charlotte Mathiesen, 18, had wanted to die because that was the only way we could be together," he said, but when he killed her he neglected his part of the agreement in his pact to see her alive again.

The boy and girl who "figured neither of their parents would understand" when they found she was to have a baby because the subject of a psychiatrist's battle.

Two were for the defense, which contends Donald's reasoning was so defective because of immaturity that he was unable to tell right from wrong, and two for the state which contends it was willful murder.

A. AND M. ENGLISH INSTRUCTOR WINNER IN PLAY WRITING

WELDON STONE HOPES FOR SUCCESSFUL BROADWAY PRODUCTION SOON

COLLEGE STATION, May 26.—Thrice winner in playwriting of the annual Midwestern Folk Drama tournament at Cape Girardeau, Mo., Weldon Stone, instructor in English at Texas A. and M. College, now aims for a successful Broadway production.

His ammunition includes one of the most picturesque folk characters in the country, the whittler, especially the expert whittling maker of the Ozark Mountains in Arkansas.

He may reach his goal this year, for producers already are flitting with the idea of including "Devil Take a Whittler," first of his plays to be published, among several one-act dramas to be staged on Broadway this coming winter. Two other "whittler" plays, "Mammon and the Whittler" and "That Son of a Whittler," are to be published soon.

Several publishers have asked Stone to match his whittler characters into a full-length book, probably to be entitled, "Tales of a Whittler." He hopes to complete this work during the summer.

Stone first won the playwriting contest at Cape Girardeau in 1936 with "Quarrytown." He repeated in 1937 with "Courtin' Mazie" and then made it three straight this year with "Sweet Charity," a play involving a little Italian news vendor who is going to start free soup distribution.

Other plays published. Other plays by Stone which have been published include "A Darksome Furriner," "A 11 Through the House" and "When the Stars Fall."

No slouch with a knife himself, Stone spent months tramping through the Ozarks to collect his store of whittler characters. He also spent some time in York's lower East Side, where he saw the little Italian news vendor of "Sweet Charity" in real life.

"Devil Take a Whittler" was first published in "The Best One Act Plays, 1937," edited by Margaret Mayorga, and drew this praise from Sidney B. Whipple, dramatic critic for the New York World Telegram: "This play... is unquestionably as fine as the best of the folk dramas that have flourished in Ireland. It has imagination and humor. It is, furthermore, if you make exceptions for the extravagance and fantasy that is a part of its legend, a faithful picture of a group of our most colorful citizens."

Born in Holland, Bell County, Texas, in 1902, Stone attended Holland and Waco high schools. He received his bachelor of arts degree from Baylor University, Waco, and master of arts degree from Southern Methodist University, Dallas. He also has studied at the University of Texas, Austin. He is married and has one daughter.

Enthusiastic as he is about his playwriting endeavors, Stone is no less enthusiastic over the baseball playing of his first cousin, sophomore third baseman for the Texas Aggies and considered by many as a great major league prospect.

To Begin Erection Base For Navarro Statue Early Date

Construction of the base on which the statue of Antonio Navarro, Texas patriot, for whom Navarro county was named, is expected to begin within the immediate future.

Tools to be used in the work were placed on the courthouse lawn early Wednesday morning. The monument will be erected in the main walk extending from the south steps of the courthouse toward Third avenue.

Coming Marriage Announced Today

SIXTEEN DAWSON GRADUATES TO GET DIPLOMAS JUNE 3

DAWSON, May 26.—(Spl.)—Sixteen seniors of the Dawson High School have made final arrangements for their graduation exercises.

Sunday evening, May 29th at 8 o'clock in the public school auditorium Dr. J. B. Tidwell, Bible teacher of Baylor University, will preach the baccalaureate sermon.

Tuesday evening, May 31st the seniors will observe Class night in the public school auditorium with Dorothy Jane Filgo and Charles Garland Allard, valedictorian and salutatorian, respectively, taking important parts on the program.

On Friday evening at eight o'clock, in the auditorium, senior commencement exercises will be held. Supr. Ray L. Waller of Rice, a former high school principal of Dawson, will deliver the commencement address.

Diplomas will be given to the following seniors: Garland Allard, Lady Beth Akers, Lopez Berry, Genelle Cleveland, Milton Dean, Mary Jane Etter, Dorothy Jane Filgo, Doris Hartnett, Lucille Holladay, Truman Jergins, Edith Marie Matthews, Annie Laura Sellers, Mary Bell Sims, Wynona Thompson, Alfred Joe Wilson, and Lia Bee Womack.

On Thursday evening, June 2, the grade school will hold their graduation exercises under the direction of Principal Hoyt H. Harris.

A high school play entitled "Little Jimmie Jones," will be given Wednesday evening, June 1st, under the direction of the high school English teacher, Miss Lula Huckleba.

MAY ASK SENATE CENSURE HOPKINS' POLITICAL ACTIVITY

INFORMAL ENDORSEMENT OF WEARIN CANDIDACY IN IOWA DISLIKED

WASHINGTON, May 26.—(AP)—Anti-administration members considered today asking the senate to censure an informal endorsement by WPA Administrator Harry Hopkins of Representative Otha Wearin's candidacy for the democratic senatorial nomination in Iowa.

Senator Johnson (R-Calif.) was understood to be drafting a censure resolution after colleagues of Senator Gillette (D-Iowa) against whom Wearin is campaigning, angrily accused Hopkins of making a political weapon of the Works Progress Administration.

Although Hopkins made no comment on the criticism voiced in the senate yesterday, he reiterated his intention to see that all WPA workers are free to vote as they wish.

That statement was made last night in reply to a letter from Judge Brady M. Stewart of Louisville, who had written President Roosevelt that federal relief agencies were using "reprehensible" measures in support of Senator Barkley (D-Ky). Stewart is campaign manager for Gov. A. B. Chandler, Barkley's opponent in the August primary.

Declaring that Stewart's charges were general, Hopkins invited him to submit specific instances of political coercion, and added: "I have used every channel of communication available to make clear to employees and project workers of this administration that their political beliefs and activities would in no way jeopardize their employment on this program."

MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

PERFECT FOR SUMMER PLAYTIME

PATTERN 4815

by Anne Adams

You can't get along without this type of dress, if you plan to fill your summer with outings or tennis parties. And you can make it with a minimum of effort because, as our design shows you, there are only four major pieces! Make it without the suntan back for porch and beach wear. Leave off the collar, sleeves and pocket if you wish, or let them contrast with the rest of the dress. Any way you make up this Anne Adams design, you'll be proud of its fit and its good style. It will cost very little in a cotton, and is especially nice in a crease-defying linen.

Pattern 4815 is available in misses and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 33-4 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write for this Anne Adams pattern. Write plainly size, name, address and style number.

Dress up for summer! Order your copy of the New Anne Adams Summer Book of Patterns! Learn how to have a smart warm-weather wardrobe that's fashion-right, economical, easy to make! Planning a vacation? See the active and spectator sports outfits, afternoon sheers, evening finery! Stay-at-home? Have flattering porch frocks and gay sun-styled! Flattery for bride and graduate - - cottons for hot and junior! Price of Book Fifteen cents. Price of Pattern Fifteen cents. Book and Pattern Together, Twenty-five cents.

Send your order to the Corsicana Daily Sun Pattern Department, 243 W. 17th St., New York, N. Y.

SPANISH

(Continued From Page One) should it provide the means of getting France and Italy together and consummating the Anglo-Italian Easter friendship pact by settling the Spanish question.

Americans Contribute. WASHINGTON, May 26.—(AP)—Americans have contributed nearly \$1,200,000 for relief in war-torn Spain in the last year, the State Department announced today. Most of the donations went to the loyalist side.

Government Offensive Threatened. HENDAYE, France (At the Spanish Frontier), May 26.—(AP)—Swift insurgent reinforcement of the Catalan front threatened today to halt the government's most ambitious offensive in five months.

Insurgent commanders, reporting government losses estimated as high as 15,000 men in four days, said Barcelona troops had abandoned their attack except at Trem in the center of the 60-mile line.

Battling to shove the insurgents back across the Segre and Noguera Pallaresa rivers and throw a monkey wrench into an insurgent offensive scheduled to

be resumed upon Barcelona, government forces repulsed a counter-attack northeast of Trem. Southeast, they were within five miles of Trem.

Government artillery, a weak point in previous offensives, showed increased efficiency in its bombardment of insurgent fortifications.

Russia Blocks Agreement. LONDON, May 26.—(AP)—Soviet Russia today blocked the way to agreement of the nine-power non-intervention subcommittee on the British plan to start withdrawal of foreign soldiers from the Spanish civil war.

After two tense sessions, Russia insisted that 10,000 men be withdrawn from each side, government and insurgent, as a "substantial" basis for granting belligerent rights to both sides. Lord Plymouth, residing, urged the Russian representative to seek a modification of his government's stand.

TERRELL

(Continued From Page One) chairman; parade, Joel C. Trimble, music, Robert Davidson, grounds and platform; W. V. Mowlam, A. and M. Ex-Students picnic; Henry Walker, A. and M. Ex-Students barbecue.

Judge Terrell announced recently that he desired to open his campaign in Corsicana because it was the cradle of the Texas oil industry, pointing out there could have been no Spindletop development in 1901, an event that made the world conscious of the petroleum possibilities of this state, had it not been for the experience secured during the drilling in local fields and in the development of proper equipment. The driller on the Lucas gusher at Spindletop was Curt Hamill, a Corsicana product.

At present, management of Texas oil resources is one of the main duties of the railroad commissioners, and Judge Terrell credits Corsicana leaders with the early development of the industry.

Entire Fleet Of United States Be Sent to Atlantic

WASHINGTON, May 26.—(AP)—The navy department announced today that the entire fleet would be moved from the Pacific to the Atlantic next year for maneuvers and to visit the New York World's Fair.

Leaving its Pacific bases early in January, the fleet will be gone probably six months. The visit to New York is scheduled for May.

Confidential fleet problem number 20 will be worked out during February in the West Indies and the Atlantic as far south as the equator, the navy said.

The announcement was made without explanation but naval circles recalled testimony of Admiral William D. Leahy, chief of operations, before congressional committees this year that the anti-communist alliance between Germany, Italy and Japan "must be taken into consideration by America's sea defense."

man; F. C. Paul, assistant chairman; Ed Wendorf, Rufus Pevehouse, Bruce Nutt, Festus Pierce, Walter Boyd, Mexia; John J. Garner.

A and M Ex-students: Henry Walker, chairman; Ben Blackmon, C. S. Dickens, Pete O'Daniel, F. C. Stewart.

HINES

(Continued From Page One) and "political fixer" of the Dutch Schultz gang in a \$100,000,000 policy racket.

Hines, 61-year-old former blacksmith, was the first "higher up" whom District Attorney Thomas E. Dewey has prosecuted in his three year warfare against racketeers. The young "racket buster" repeatedly has charged the existence of an alliance between New York crime and politics.

Charged formally with contriving a lottery, Hines was accused by Dewey of racketeering, and named Pecora yesterday of receiving \$500 to \$1,000 a week as political fixer for lottery racketeers. He was held in \$20,000 bail.

From a brawny young blacksmith in a rough-tumble district, Hines rose to be the power behind Tammany's once lofty throne and, for a time at least, a chief lieutenant of New Deal politicians in New York.

Coming directly from the golf course at Long Beach, where he has a summer home, Hines carried \$15,000 in his pocket for bail. He was allowed until today to post the \$5,000 more levied by Pecora.

While his lawyer accused Dewey of political motives, the district leader's own comment on Dewey's accusations, as he was being booked and fingerprinted, was a characteristic "baloney."

CZECHOSLOVAKIA

(Continued From Page One) designed to terminate the crisis arising from the demands of the Sudeten German minority; and Adolf Hitler's "protectorate" over them.

Stefan Osusky, minister to Paris, arrived last night by plane and reported at once to Foreign Minister Kamil Krofta. They conferred again today.

Jan Masaryk, minister to London, returned by air this afternoon and conferred with both Krofta and President Eduard Benes.

It was understood that both Osusky and Masaryk brought renewed assurances of Anglo-French support but there were accompanied by unqualified emphasis on the necessity of a concession to the Sudetens whom the German Fuehrer had said he would protect from "suffering."

Hoping for the best but preparing for the worst, Czechoslovakia meanwhile continued preparations for defense.

Troops Remain. Troops mobilized for defense of the German frontier remained in the border region. It seemed unlikely that the customary military parade would be held this year on the President's birthday.

President Eduard Benes will be 64 on Saturday—because the men under arms had more pressing assignments.

The high command of the civil war defense issued a reminder to householders to test their "black out" equipment to make sure that they really were prepared for emergency.

Another reminder of the undercurrent of anxiety lest Adolf Hitler, Fuehrer and Chancellor of Germany, try to bring under his domination the nation's 3,500,000 German minority, was an announcement that gas masks for public employes would be paid for on the installment plan.

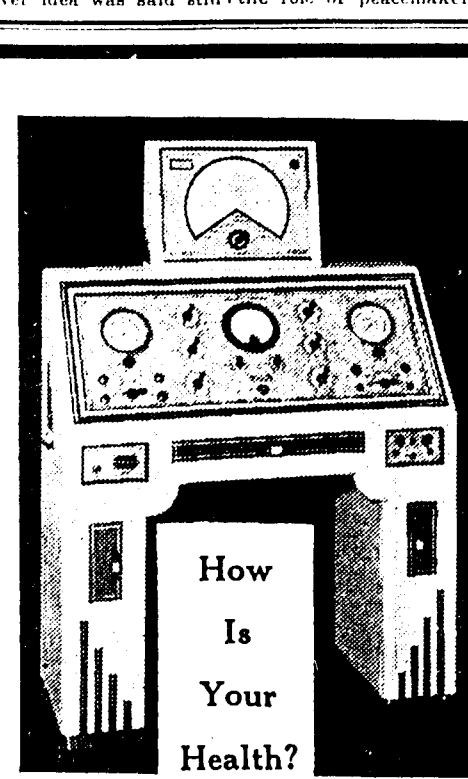

All residents of cities are expected to acquire gas masks before June 30. The idea is to make their purchase as easy as possible for people who must remain at their post in emergencies and cannot send to the sparsely settled country side at the first alarm.

There will be another series of municipal elections Sunday. While the balloting will be watched with interest, it generally is taken for granted that followers of Konrad Henlein, leader of the Sudeten German party, will get their usual overwhelming majority of German votes, while in communities with predominantly Czech populations the pro-government parties will show that they are increasingly stronger.

British Border Observers. LONDON, May 26.—(AP)—Great Britain today sounded out both Germany and Czechoslovakia on a plan to send British observers to their troubled border as a means of lessening tension.

Germany was understood to be not unfavorable to the plan. Authoritative sources disclosed William Strang, head of the Cen-

tral European department of the foreign office, would report on the proposal after visiting British diplomats in Berlin and Prague. The observer idea was said still to be indefinite. It was assumed, however, it would entail unofficial "umpires" who would give Britain unbiased reports of border incidents and help her in the role of peacemaker.

JOINT MEMORIAL EXERCISES SUNDAY FOR WAR VETERANS

Plans for joint memorial exercises for deceased World War veterans Sunday morning were made at the meeting Wednesday evening by Johnson-Wiggins Post No. 22, American Legion, and the Auxiliary.

All of the graves in this immediate section will be decorated with flags and wreaths early Sunday morning.

A large wreath and memorial ceremonies will be held at the monument of the World War dead at the city park Sunday morning at 10 o'clock.

Young People of Tupelo Had Picnic On Saturday Night

The young people of Tupelo enjoyed a picnic at the municipal park in Corsicana Saturday night. Joseph Norwood, a popular member of the young set, who is a student in The Federal Institute in Tyler, was home for the week-end and was present on this occasion.

There were no league services Sunday night because of the hazy weather. Sermons in Corsicana and Rice. Two of the leaguers, Elizabeth and Robert McMullan, are members of the graduating class of Corsicana high school, and Martha Lockhart is graduating from Rice High school.

Due to the many school activities at this time of the year the program for Sunday night, May 29, will be presented by those who have already finished school. Christine Lockhart will lead the program and Catherine McMullan is the song leader. The subject is: "What Is Most Important?"

Opening hymn—"Lord Speak To Me."

Poem—"The World's Atril"—Christine Lockhart.

Hymn—"O Master, Let Me Walk With Thee."

Talk—"First Things First"—Richard Burdine.

Scripture Lesson—Matt. 6:24-34—Alice Lockhart.

A Prayer by Paul—(Read by Stella Barry, while "My Faith Looks Up To Thee" is softly played by Corinne Williams. At the close of prayer first verse of song is sung softly.)

A Story From The Highroad—Louise Wheeler.

League Benediction, led by Eva Marie Mitchell.

Personal

Misses Estelle Chaffin, Gladys Ingram, Mary Brown, Mary Erwin, Marguerite and Isbell Sewell of Atlanta, Ga. spent Tuesday and Wednesday with Miss Chaffin's cousin, Mrs. R. P. Garrett of this city. Miss Chaffin and her party have been visiting points of interest in the Southern states and Monterey, Mexico. They will also visit Fort Worth and Dallas while in Texas.

BANK LIQUIDATED WITHOUT CENT LOSS TO ITS CREDITORS

JIM FERGUSON SAYS WILL
VOTE FOR HIS COUSIN,
J. A. FERGUSON

By HOWARD C. MARSHALL
AUSTIN, May 26.—(AP)—An unusual instance of bank liquidation recently was recorded in the state capital. It was the final payoff of the Security Trust Company, which went into receivership early in 1933. Creditors were paid 100 per cent on their claims.

Officials in charge of liquidating the institution, which had a total indebtedness of about \$13,000,000, attributed the record largely to a loan of \$3,600,000 from the Reconstruction Finance Corporation which prevented dumping assets. This loan was repaid with interest.

More than ordinary interest attached to the bank's closing because the state had on deposit approximately \$1,500,000 and some thought it would suffer loss. Gov. William A. Ferguson, in a special message to the legislature, discussed the situation.

"It is a day of rejoicing," said former Attorney General William A. Keeling, who aided in working out the bank's difficulties.

Although he said he had nothing to do with James A. Ferguson's decision to run for governor and did not know of it until the announcement, former Governor James E. Ferguson lost no time in declaring he would vote for his cousin, a Bell county farmer and real estate man.

James A. Ferguson, who is 68, announced his candidacy on Saturday and James E. declared his voting intentions on Monday.

"If he wants to be governor," said the latter, "then he can have my vote."

He paid high tribute to James A. Ferguson, saying he is a man of unquestioned ability and integrity.

Years ago when James E. Ferguson was campaigning for office, he said, James A. Ferguson rallied the support of numerous other relatives and friends.

"I couldn't do any less than vote for him," the former governor said.

James E. Ferguson expressed the opinion the similarity of his name and that of James A. Ferguson would not confuse the voters.

It was quite different, he said, with the names of Vernon O. Thompson, a filling station operator of Dallas, and Ernest O. Thompson, member of the railroad commission, both candidates for governor.

He pointed out there was only one Ferguson in the gubernatorial contest while voters would be confronted with two Thompsons.

"Even an informed man," Ferguson said, "would have to be careful how he marked his ballot, with two Thompsons to choose between. There is likely to be confusion."

Revenue from occupation taxes increased slightly in the first quarter of this year over the same period last year, Comptrol-

SEVERAL IMPORTANT MATTERS HANDLED BY COMMISSIONERS

Several important items of business were transacted Wednesday afternoon at a special meeting of the Navarro county commissioners' court. All members were present with the exception of Commissioner J. O. Sessions.

E. Y. Cunningham, county auditor, was authorized to call for \$30,000 bonds of Navarro County Road District No. 9 for payment. The bonds are due July 10, 1938.

The authorization of the borrowing of \$5,000 for the general fund was made.

Return of a school trustee election held May 14 in the Phillips Chapel school district were canvassed and declared, showing H. G. Rhodes received 27 votes. There was no other candidate.

County Judge Paul H. Miller was authorized to sign projects for the sewing room whereby additional workers can be added and also for the revising, re-jacking papers, and volumes in the district clerk's office. These projects will not cost Navarro county any money, it was announced.

Revenue from occupation taxes on collecting agencies, telephone companies, ores, carbon black and cement also increased.

Express company, textbook publishers, pullman company and natural gas divisions showed decreases.

George H. Sheppard reports. For the three months ending March 31, the revenue totaled \$5,215,302, an increase of \$231,022.

Sulphur taxes accounted for the largest part of the jump, or \$112,421, the total yield from this source being \$602,623.

Revenue from oil was \$3,848,885, up \$99,902, but officials expect a slump as a result of the Saturday and Sunday shutdowns of Texas fields.

Revenue from occupation taxes on collecting agencies, telephone companies, ores, carbon black and cement also increased.

Express company, textbook publishers, pullman company and natural gas divisions showed decreases.

Governor James V. Allred's mail contains many oddities. Here is a sample:

"I am a country girl 16 and weigh 97 lbs, brown eyes and hair. We are poor. Do not have a home. Will you please help me marry a old man with a good home. I will say thank you."

Another, apparently from a woman and addressed to the "Governor and supervisor and Secretary of the United States," enclosed colored drawings of what appeared to be an armored car and a sword-like instrument "to be used in oil wells and ditches to pick up things." She wanted \$500 for the ideas.

An 18-year-old boy out of work and yearning to take guitar lessons, he said, "But I want to earn to play the guitar awfully bad as I like singing and yodeling cowboy songs."

J. Frank Doble, author and English professor at the University of Texas, who doesn't mind not conforming to things in general, made a few remarks recently on the subject of landscape painting and the university campus.

"Landscape artists have tried to fit the grounds to their undulating lines of saplings—all evenly spaced—instead of fitting the saplings to the grounds that have since the ice age been developing under Texas climate," he said.

"The landscape contractors got in all the saplings that their contract called for, also all the prostrate junipers and other graveyard growth that nurseries will fill up any yard with unless the owner stands guard over it with a shotgun."

"I wonder why, for example, retama trees, native to the land, which droop as gracefully as willows and bloom their golden flowers all summer long, cannot be planted against some of the glaring walls on the south and east sides of the main building."

A year or so ago Doble spent a day in the sheriff's office, technically in jail, because he refused to pay a fine for violating a parking rule. He has criticized the multi-storied main building at the university as being a skyscraper type of architecture serving no esthetic or utilitarian purpose in a school.

Revenue from occupation taxes increased slightly in the first quarter of this year over the same period last year, Comptrol-

News of County Home Demonstration Clubs

Mt. Nebo Club.
The Women's Home Demonstration Club met at the home of Mrs. Fred Eddy, Miss Clara Retiger met with us and an interesting talk and handed out bulletins on poultry.

The club is giving an ice cream supper Friday night, June 3, 1938, at the Mt. Nebo church. A quilt will also be given away that night. Everybody is invited to come and help make it a success.

After the meeting adjourned, the hostess served refreshments, which were enjoyed very much. The club will meet with Mrs. Burl Bennett, June 13th.

CIVITANS INSTALL OFFICERS FOR NEXT YEAR ON THURSDAY

O. F. ALLEN AND CORPS TAKE UP DUTIES AT LUNCHEON SESSION TODAY

The Civitan club's 1935-36 year officers, O. F. Allen, president, Lloyd Carraway, second vice-president, and Jack Paul, secretary-treasurer, were inducted into office at Thursday's luncheon meeting of the club at the Navarro hotel. N. S. S. Roberts, first vice-president elect, was absent due to illness. Miss Clover Ruthford, popular Corsicana pianist, summer music teacher at the LOOF home, played a group of popular and recently popular selections as the first portion of the program.

Rev. E. T. Miller and C. B. Couch had charge of today's program, and L. F. (Casey) Robinson was initiated as a new member by Retiring President Wendorf and Incoming President Allen.

Mr. Couch introduced Miss Ruthford who played a medley including "Ah! Sweet Mystery of Life," "Summer Night," and "Indian Love Call." She responded to the inebriated applause with a popular tune as her encore.

The club accepted an invitation of the Frost Civitan club to be their guests at a picnic at Frost Friday evening. After Mr. Robinson had been initiated into the

It is hard to make your money last if your father made it first.

Civitan membership, Mr. Wendorf made a short talk.

He said he had gotten a great deal of pleasure out of being president of the club, and that he had made many friends and become closer to all the members. He extended his thanks to the officers, committees, the membership and to the Daily Sun, all of whom worked with him for the betterment of the club. He pledged his fullest support to the new officers, and enlisted the co-operation of all the members for them. He suggested that the members adopt a hobby that will be of benefit to the club.

Mr. Wendorf gave the gavel to Dr. J. Wilson David, who read the charge to them. He said their election had been a signal honor and at the same time a heavy responsibility to each. He added that the success of the club depends upon the members' faithfulness to their respective duties.

Dr. David then introduced the new officers, and pledged his and the club's support. The speaker complimented Mr. Wendorf upon his successful term of office, and said the club was fortunate in having him as its president.

Mr. Allen, in accepting the responsibility of president, said he appreciated the honor, and pledged his best efforts, and enlisted the fullest co-operation of all the members in order that the club will continue to go forward in the future as it has in the past.

Mr. Carraway and Mr. Paul also responded.

Yates Is Final American Still In Troon Play

TROON, Scotland, May 26.—(AP)—After defeating Johnny Goodman of Omaha, 3 and 2, this morning, Charles (Chuck) Kocsis of Detroit himself was put out of the British amateur golf championship today when he was routed, 7 and 5, in a fifth round match by Johnny Stevenson, native son and local favorite.

Charles Yates of Atlanta then came home with a 3 and 5 triumph over Dr. W. M. Robb of England to become the last American out of nine starting Walker cuppers to reach the quarter final round.

Team Wrestling to Be Feature of Mat Attraction Tonight

With Red Rogers and Blacksmith Smith, two outstanding mat "villains" of this section, match against Olla Hedrick and Red Lindsey, two wrestlers that can get tough themselves when necessary, in the main feature of Talmor Jones' arena tonight, much action is promised the fans. A good match is assured with this quartet in the ring at one time.

Marvin Willis and Jack Allison, two popular wrestlers here, are matched for one fall as the preliminary.

FORMAL OPENING OF NEW ACCESSORY STORE ON FRIDAY

Announcement was made today of the formal opening Friday and Saturday, May 27 and 28 of Corsicana's newest auto accessory firm, the Corsicana Tire and Auto Supply company. In the newly renovated and redecorated building at 115 North Beaton Street.

Joe York, recently of Waco, who has had a number of years experience in the tire business, is moving to Corsicana with his family, and will be manager of the store. The manager has been appointed representative for Goodrich tires, batteries and accessories, and these lines will be featured in addition to a stock of more than 2,000 nationally-known items covering every need in the automotive line.

During the two days of the formal opening, souvenirs of key cases for the men, balloons for the children and roses for the women, will be given.

A feature of the new store is the modern manner in which all merchandise is displayed. Every item is classified and so arranged as to make it as easy and convenient as possible for the patron to shop. A special lighting system has also been installed. The management extends a cordial invitation to the public to visit the store during the grand opening and to inspect the attractive display arrangements and one of the most unusual stocks of merchandise in this section of the country.

Despondent Man Blows Self Bits With Dynamite

KILGORE, May 26.—(AP)—Andrew Maroz, despondent furniture repair man, sat in his automobile today, lighted two sticks of dynamite between his legs and blew himself to bits while his divorced wife and six-year-old stepdaughter stood horrified nearby.

Mrs. Pauline Maroz, his former wife, suffered possible abortion. The child had a possible hand fracture. Both were cut and bruised.

Justice of the Peace Fred Hadaway viewed the scene and rendered a suicide verdict.

Officers said Maroz had attempted to persuade Mrs. Maroz and the child to enter the car. When they refused to do so, he lighted the dynamite.

Several notes were left by Maroz in his automobile—which was demolished and in his hotel room. One asked that he be cremated.

Queen Mother of England Spends Birthday Quietly

LONDON, May 26.—(AP)—Regal Queen Mother Mary, unbending guardian of orthodoxy in Britain's royal family, is 71 years old today.

Batteries in Hyde Park boomed salutes, and public and private buildings hoisted flags, but Queen Mary's only celebration was a family luncheon party.

Among her first visitors were her grand children, 12-year-old Princess Elizabeth and her eight-year-old sister, Margaret Rose.

Now that King George VI and Queen Elizabeth have passed the first year of their unexpected reign, people say Queen Mary will gradually withdraw into the dignified background Britain keeps for a dowager queen.

Late in life she took a double rap from fate.

Still mourning George V she saw her eldest son quit the throne for love of American-born Wallis Warfield.

Another Texas Convict Escapes From State Farm

HUNTSVILLE, May 26.—(AP)—Refugio Rubio, alias Refugio Balanzuela, 24, trusty serving a sentence for burglary, escaped from the Blue Ridge State prison farm, early today.

Rubio escaped from a bakery where he was working as a supervisor of other convict bakers. He was serving 10 years from Willacy and Hidalgo counties on three cases of burglary.

Prison officials said they had put bloodhounds on the trail.

Officials said five convicts who commandeered a guard's car and escaped from Eastham prison yesterday, were still at large.

ICKES AND BRIDE SPED FOR LONDON; NIGHT ON BOAT

LONDON, May 26.—(AP)—United States Secretary of Interior Harold I. Ickes and his bride arrived here today from Fishguard, Wales. They gathered their luggage into a taxi and sped away to a hotel.

FISHGUARD, Wales, May 25.—(AP)—Harold L. Ickes, United States secretary of the interior, and his red-haired bride landed in the cold Welsh dawn at this little port and sped for London on the third day of their honeymoon.

They arrived from Ireland in

the motor vessel Innisfallen at 3:20 a. m., and remained aboard through the night.

Secretary Ickes said the Innisfallen's bellowing, squealing cargo of Irish cattle and pigs, pouring into England and Wales under low tariffs of the new Anglo-Irish agreement, did not disturb his sleep in the slightest.

The 25-year-old Mrs. Ickes smiled an implicit "me, too."

Hear C. V. TERRELL

**Lots Of Shady
Seats For The
Audience!**

**Chairman Of The Texas
Railroad Commission**

**Open His Speaking Campaign For Re-election On The Court House
Lawn In Corsicana Saturday Evening, May 28th.**

His record is incomparable in Texas politics today! The public career of no living candidate or officeholder in the State can even approach that of C. V. Terrell in sustained brilliance and integrity!

He knows his business - - - Years of actual service have tested and gloriously PROVED the ability of C. V. Terrell as Railroad Commissioner - - One of Texas' BIGGEST JOBS!

Texas Public Servant No. 1

THE SPEAKING WILL BEGIN AT 7 P.M. SATURDAY, MAY 28

CORSICANA IS PROUD to have been selected as the scene of Judge Terrell's great opening rally; and Corsicana is determined to make this the most representative, the most colorful meeting thus far held for a candidate in the 1938 Texas campaign.

YOU'LL MEET YOUR FRIENDS here from all over Central, East and North Texas - - from all over the State, in fact!

YOU'LL HEAR PUBLIC SERVANT NO. 1 of Texas tell, in simple and straightforward terms, why he should be retained in the office he now holds - - hear C. V. Terrell demonstrate why it is so tremendously vital that the Railroad Commission policies he has steadfastly supported in promulgation and enforcement MUST BE CONTINUED FOR THE LASTING GOOD OF ALL TEXANS!

Come to town, if you can, in the early afternoon of May 28; you may then enjoy the concert to be played by more than a dozen high school bands from as many Central, North and East Texas towns.

Regardless of your politics, we want you to come to this meeting. You will be extended every possible courtesy to make your attendance comfortable and enjoyable.

The Corsicana-Central Texas C. V. Terrell Reception Committee. Otis M. Rector, General Chairman

GOOD MAN, "GOOD FELLOW," YOUNG HEBREW WON FAME *

Retelling an Old Story Which Fits Into Today's
Picture—Making Goodness Attractive.

By WILLIAM T. ELLIS

"If the good were only clever,

And the clever were only good,

The world would be better than

ever

We thought it possibly could.

"But, oh! It is seldom or never

That things happen just as they

should;

The good are so harsh to the

clever,

The clever so rude to the good."

Sour, sombre saints are sinners

in several senses; but in none

more seriously than that they are

bad advertisements of religion. It

is refreshing that a score of mil-

lions of Sunday school members

are this week to consider the

case of a good-looking young man

who was a "good fellow" as well

as a good man.

Daniel advertised the success

of high principles in a king's

palace—and for centuries since

he has been a force for self-re-

straint and personal convictions

among countless youth. He "made

good" with his religious scruples

in the highest society; and in-

stead of being a kill-joy he was

a social success. Everybody,

from king to palace servant,

liked Daniel and his three com-

panions; so that their character

and conduct reflected credit upon

their race and their faith.

Good Times for Good Folk.

Right on the surface of the

Daniel story lies this great truth,

that goodness should be attrac-

ive and not repellent. There are

many persons who honestly be-

lieve that to be good means to

be long-faced and to look askance

at the joy of life. They think

that piety is the same as phari-

salism and puritanism; and that

good times are not for good peo-

ple. Their idea of a clergyman

is a long-jawed, funeral creature

whose face would scare babies

and drive dogs around the cor-

ner with their tails between their

legs.

The joke is on those who hold

this mistaken idea; for the hap-

piest people in the world, as well

as the healthiest, the ones who

have the best times and the most

friends, are the sincere Christians

who, in quietness and confidence,

live their lives from a real de-

sire to please God.

Some there doubtless are who

take a morose view of this

world; and who consider that vir-

ture consists of the difficult art

of foregoing pleasures and of

compelling others to do the same.

These Christians are of the num-

erically small group whose reli-

gion is negative; it consists of

nothing but "don'ts."

What a small fraction

of the entire human race

are! Line them up alongside of

the radiant, peaceful, happy dis-

ciples, the Daniels, who have

found religion good for both their

bodies and their souls, and their

relative fewness and unimpor-

tance will be discovered.

This story is one of the fami-

liar bits of the literature of re-

ligion. Daniel and his three com-

panions were educated and noble

Hebrew youths, prisoners in per-

sonal attendance upon King Ne-

buchadnezzar. As part of the royal

entourage, they were expected to

look well and happy. To that

end they were permitted to eat

the dainties of the king's table

and to drink of his wine. That

food had doubtless been offered

to idols, and so could not be

eaten by goodly Hebrews. How-

ever, these young Hebrews were

truly wise, and they knew the secret

of the training table—simple food

for physical fitness.

They were not "grouches," and

had won the good will of the

chief of the eunuchs, who tol-

erantly permitted his charges to

make the ten-day experiment. All

they asked was a fair trial. Real

religion is ever ready to sub-

mit to a goodly "make good"

privilege. It can "make good"

in any honest competition. Dan-

iel and his three friends were

willing to stake all upon the

practicability of their principles.

They were what we would to-

day call "pragmatic philoso-

phers"; their theory worked. For

as soon as the account, "At the end

of ten days their countenance ap-

peared fairer, and they were fat-

ter in flesh than all the youths

that did eat of the king's dani-

ties."

Daniel's principles of conduct

were not put into moth balls

when he moved from slow-going,

old-fashioned Jerusalem to the

giddy city of Babylon. His reli-

gion would stand exportation. His

convictions would wash. For Dan-

iel was of the breed of man

who is captain of his own soul,

who is no mere chameleon, tak-

ing on the color of his surround-

ings, but an independent, self-

directing, self-respecting volition.

He dared to be Daniel in a world

where nearly everybody else was

trying to be only a reflection of

Nebuchadnezzar.

Steady Men and Drifters.

Daniel was far more than a

doer without; he was a doer. His

contribution to our time is op-

portunity and constructive. He was

a purposer in his heart. That is

he determined what was right

for himself, regardless of the pre-

valing fashions. So he dared to

live his own life, serenely, sweet-

ly, strongly, in a time that was

turbulent and vascillating.

Such hold steady their times.

The world is in a panicky con-

dition today, and easily tempted to

run hither and thither, sheep

fashion. We need more Daniels,

to stand, modestly yet unswerv-

ingly, for what they know to be

the right. Such a man is less

concerned about making charac-

ter, than he is about doing what

is right. He lives his own life

and respects his neighbor's

rights; which is everybody's first

duty to civilization. Ultimately,

the only real reformers are the

persons who are simply righte-

ous themselves.

Meeting the King's Test.

A wise aphorism has it that

"Every man is responsible for his

face at fifty." Character does ul-

timately write its autograph on

the countenance. And whether we

plan it so or not, all of us, con-

sciously or unconsciously, must

come to the Daniel test of being

judged by some king—the mod-

ern king being public opinion.

Well is it for us when we come

up to that judgment if our clean

living, self-control and spiritual

development win favor for our

faith and for ourselves.

Out of the training table of

simplicity in the sumptuous pal-

ace of Babylon (it was little more

than a heap of mud bricks when

I saw it) there emerge three

principles that are universally ap-

plicable:

1. It is best worth while to be

one's best self, regardless of cur-

rent fashions.

2. Abstemiousness is better for

body and spirit than is indul-

gence.

3. In life's testing times, the

trained and the untrained find

and call to the places of power.

SEVEN SENTENCE SERMONS

All within the four seas are

brethren.—Confucius.

Dost thou love life? then do

not squander time, for that's the

stuff life is made of.—Franklin.

Here is the truth in a little

Enough for all the roads we go;

In love is all the law we need;

In Christ is all the God we

know.

—Edwin Markham.

Every scholar is something ad-

ded to the riches of the common-

wealth.—John Knox.

The Lord's hand is not short-

ened, that it cannot save; neither

is his ear heavy, that it cannot

hear.—Is. 59:1.

We search the world for truth;

We call the good, the pure, the

beautiful,

From graven stone and written

scroll,

From old flower-fields of the

soul;

And weary seekers of the best,

We come back laden from our

quest,

To find that all the sages said,

Is in the Book our mother read.

—Anon.

Let us be content, in work to

do the thing we can, and not

pretend to do that which we lit-

tle.—Elizabeth Barrett Browning.

Start Construction

Foundation Navarro

Statute on Friday

Workmen Thursday began the

excavation and removal of sec-

tions of the main sidewalk in

front of the main south entrance

of the court house preparatory

to the construction of the base

for the statue of Antonio Navarro,

Texas patriot.

The statue of Navarro, for

whom Navarro county was named,

is to be erected on the court

house lawn under a government-

al project.

Ships 400 Baby Chicks.

west of Corsicana on Highway 22,

Monday shipped 400 baby chicks

to Vennago, Neb. Mr. McCus-

hton has been in the chicken bus-

ness for the past 18 years. Buff

Leghorns are his specialty.

FROST GRADUATION EXERCISES PLANNED ON FRIDAY EVENING

FROST, May 25.—(Spl.)—The graduation exercises of the Frost High school will be held in the auditorium of the high school building Friday evening, May 27, from 7:30 to 9:30 p. m.

The class will receive diplomas. The class roll is made up of the following:

Boys—Bill Burns, John McCord, Hugh Lynn Osborne, Buddy Barker, Wendell Warren, Sam Dawson, Roy Bowen, L. N. Curran, E. A. Zollcoffer, Harold Summers and Joe Green.

Girls—Sammie English, Jean Jones, Stella Farum, Frances Palmer, Myrtle Sanders, Lois Brittain, Kathleen Cagle, Juanita Dortch, Juanita Smith, Frankie Slay, Gay Ponder and Fanel Smith.

Lois Brittain has been chosen valedictorian of the class, and Charles Barker salutatorian.

Eight members of the class—Lois Brittain, Buddy Barker, Jean Jones, Gay Ponder, Juanita Smith, Joy Sanders, Fanel Smith and Juanita Dortch made a yearly average grade of 90 or above.

Dr. Allen True of the history department of Texas Christian University, Fort Worth, will deliver the graduation address.

Baccalaureate Services. Baccalaureate services for Frost High school were held Sunday evening, May 22, in the high school assembly room. Rev. Har-

man McCoy of Waxahachie delivered the sermon on "How to Live a Great Life." Special songs were sung under the direction of Miss Deane Newell, a teacher in the Frost school.

Dr. Tullio, Joe Bruner, James Kyle Allen and Lynn Stevenson of the junior class were ushers.

Juniors (13 years age over) swimmers—2:30 p. m. Monday and Thursday.
Advanced swimming tests—5 p. m. Tuesday and Friday.
Special instruction will be given those desiring to learn how to swim as well as those wishing to perfect their swimming strokes.

TWO PERSONS ARE KILLED, TRIO HURT IN CRASH AT PECOS

DRIVER OF ONE OF AUTOMOBILES IN ACCIDENT WAS DETAINED

PECOS, May 24.—(AP)—Two persons were killed and three injured in an automobile collision eleven miles east of here last night.

The dead were Novice Louise Everett, 23, and J. C. Jackson, 19, both of Madill, Okla.

Mrs. Joe Everett, about 50, mother of Novice, was critically injured about her head, and her recovery was held doubtful. Winston Everett, son, and Francis Rawlings, 25, also were injured. Everett seriously. All were in Pecos hospitals.

The driver of the automobile in collision with the machine of the Oklahoma party was detained. The driver and a companion were being held in Reeves county jail.

The Oklahoma party was traveling westward from Madill to Carlsbad, N. M., on a trip arranged as a graduation treat for J. C. Jackson. The cars collided in the middle of the highway, the Oklahoma vehicle overturning and pinning its occupants beneath.

Brownsville Has Torrential Rain; Streets Flooded

BROWNSVILLE, May 24.—(AP)—A heavy downpour of rain cloud-burst proportions which struck the Brownsville area shortly before noon today was still falling an hour later with the U. S. weather bureau reporting two inches of rain had fallen the first 40 minutes.

Streets were running curb full and dozens of automobiles were stalled as the torrent caught workers on their way to lunch.

Several downtown stores were threatened as high water began to climb the curbs. Electric power was suspended for several minutes but has been restored.

Oklahoma Flood Waters Claimed Lives of Three

OKLAHOMA CITY, May 24.—(AP)—Murky flood waters had claimed three lives in Oklahoma today and a fourth person owed his life to his ability to ride a rushing mass of driftwood five miles downstream.

A. C. Smith, 30, Fairland, rode driftwood and a log until a five-mile rowboat rescued him five miles downstream.

At Altus, two members of a CCC camp were drowned in the Red River's north fork, one of them in an heroic effort to rescue his companion.

Calvin Martin, 19, of Altus, was swept under the surface when he dived into the river just above the Lake Altus dam; Leland W. Wilhelm, 19, of Gould, went in near his companion but both drowned.

A third member of the camp, Dewey Smith, swam out after an unsuccessful attempt to reach the two struggling youths.

MANY NAMES ADDED TO MEMORIAL ROLLS AMERICA DEFENDERS

More than 37,000 new names will be on the roll of America's dead defenders on Memorial Day this year, according to Mrs. K. A. Blakeney, rehabilitation chairman of Johnson-Wiggins unit of the American Legion Auxiliary. During the past year, World War veterans have been dying at the rate of 100 per day.

Mrs. Blakeney pointed out, meaning that 37,500 have passed on since last Memorial Day.

"This heavy death rate among men who served in the World War has placed an increased burden upon the American Legion and Auxiliary, and has enlarged the need for Poppy Day contributions," said Mrs. Blakeney.

Money raised for memorial poppies will form the principal source of support for the Legion and Auxiliary welfare activities during the year.

"Almost every veteran now dying leaves a widow and children. Unless legal proof of a disability received in the service amounting to 20 per cent or more had been established by the veteran, no government aid is available for the widow and children. The Legion and Auxiliary must step in with emergency aid, if the family is unable to help and strive to keep the home together.

"For every veteran who dies, several are stricken down with disabilities. The government provides hospital care for all, when hospital beds are available, but other forms of aid are restricted and again the Legion and Auxiliary must meet the need. Poppy Day contributions are needed for many disabled men without compensation. The Poppy Day funds make it possible for the Legion and Auxiliary to bring relief to thousands of disabled veterans and their families every year.

"Right here in Corsicana we have many men, women and children who are still paying the price of the World War in suffering and hardship. The money contributed for poppies will be for them. If everyone understands the need there will be no one without a poppy on Poppy Day.

DAVID LILIENTHAL, TVA DIRECTOR, IN ANSWER TO MORGAN

CHARGES FORMER CHAIRMAN TRIED TO OBSTRUCT TVA IN LITIGATION

WASHINGTON, May 26.—(AP)—David E. Lilienthal, Tennessee Valley Authority director, testified before a congressional committee today that Arthur E. Morgan, former TVA chairman, tried to "defeat and obstruct the authority's litigation involving its constitutional right."

The 38-year-old Harvard law school graduate took the stand to answer charges made against him yesterday by Morgan.

Earlier, Harcourt A. Morgan, the other TVA director, told the congressional committee that Arthur Morgan conducted a "campaign of dissent and obstruction" to discredit the TVA program.

Presenting his testimony in a series of prepared statements, Lilienthal said the former chairman's efforts to obstruct the authority took place in litigation before a special court in Chattanooga.

He added that he would give details on that matter and "the conduct of Arthur Morgan in respect to the so-called Berry Marble claims."

Dr. Arthur Morgan asserted that the other two directors had engaged in a "deliberate" attempt to "make things easy" for Senator Berry (D-Tenn.) in prosecuting claims against the government.

Expressing Resentment.

Before taking up the ousted director's charges in detail, Lilienthal expressed resentment that Morgan had made charges which were interpreted as "criminal corruption" on the part of the other two directors.

"Arthur Morgan now says, almost as a matter of fact, that he did not intend to charge Dr. Harcourt Morgan and myself with corruption," Lilienthal said. "But he did permit that construction of his charges lay like a black cloud over us and our staff all of these intervening weeks, without raising a finger to dispel it."

A similar sentiment was expressed earlier in the day by H. A. Morgan, TVA's chairman.

H. A. Morgan also told the committee that instead of forming a "coalition and conspiracy" against Morgan as the latter charged, the other two directors sought to prevent a one-man rule.

The former chairman, H. A. Morgan asserted, resented the actions of the other directors because they would have been discrediting all action and from exercising a veto power.

Testifying before a joint congressional inquiry committee, Harcourt Morgan, TVA director, charged that A. E. Morgan had gone beyond "proper limits" in disagreeing with other members of the TVA board and had "seriously obstructed the work of the agency of the federal government."

Morgan Made Charges.

A. E. Morgan testified yesterday the congressional committee was making lengthy charges of "collusion, conspiracy and mismanagement" against H. A. Morgan and the other TVA director, David E. Lilienthal.

Reading a prepared statement to the committee while Lilienthal and A. E. Morgan sat nearby, the present TVA chairman asserted:

"We are proud of the job that the authority has done, sometimes under the most difficult circumstances, and we are glad to present an account of our stewardship."

The start of the hearing was delayed for several minutes while the 70-year-old Morgan obliged photographers by posing in various attitudes.

"Strike your chin," one cameraman called out.

"Which chin?" the TVA director quipped.

He read slowly from a 44-page prepared statement when the hearing was convened.

Throughout the testimony ran the contention of the present chairman that A. E. Morgan had failed to co-operate with the other directors in carrying out TVA policies dictated by congress.

Even after the board had acted on some matters, the witness said, the former chairman would seek to obstruct action and any effect to his dissenting views."

Special Elections Called On July 23 By Gov. Allred

AUSTIN, May 25.—(AP)—Governor James V. Allred has called six special elections for July 23, the first of the democratic primary, to fill vacancies in the legislature.

One is in the thirteenth senatorial district, to replace Senator W. Newton of Cameron, deceased.

The others are to fill vacancies in the house of representatives caused by resignations.

House elections, with the names of retiring members, will be in the following districts:

Twelfth, Samuel Aubrey Jones, Jr., of Lufkin; 25th, Charles R. Ratta of Columbia; 45th, Byron England of McKinney; 49th, Bullock Hyder of Lewisville, and 83rd Harry N. Graves of Georgetown.

Governor Allred reiterated his calling the elections did not indicate he planned a special election of the legislature this fall.

ATTEMPT TO ESCAPE ALCATRAZ RESULTS FATALLY FOR ONE

ANOTHER CONVICT WOUNDED AND PRISON GUARD IS VICIOUSLY BEATEN

SAN FRANCISCO, May 24.—(AP)—A life term convict was fatally shot, another wounded and a prison guard viciously beaten in the second attempt within six months to escape from the grim Alcatraz Island federal penitentiary.

A third convict who fled when a guard opened fire with his rifle yesterday, was locked in solitary confinement today.

Thomas R. Limerick, a Mid-west bank robber, escaped last night from a bullet wound in his head. Another bullet fired by an alert, unnamed guard, cut down Rufus Franklin, Alabama robber and killer, with a bullet wound in the shoulder.

In their daring bid for freedom the three prisoners had brutally beaten R. C. Clines, unarmed senior custodial officer. He was hospitalized in the Marine Hospital in San Francisco today in an "extremely critical condition" from head and shoulder wounds.

The third prisoner, James C. Lucas, who saboteur, escaped last night from the back with a pair of shears two years ago, fled before the guard's fire, was captured and placed in dreaded solitary.

The convict trio made their desperate bid for freedom shortly after 2 p. m. yesterday. Warden James A. Johnston reported.

Encountering Clines, they slugged him with a hammer, then fled to the roof of the building. There they met the guard, who responded with rifle fire to the barrage of iron weights they threw at him.

Planned to Capture Arms.

Warden Johnston said the men apparently had planned to capture the arms of at least one guard, and then attempt to disarm other guards.

They probably figured they could seize the prison boat and make their getaway from the island, the warden declared. However, the alertness of the guard on the roof and of other guards who joined him prevented what may have developed into a major disturbance, with possible heavy loss of life.

"Our men were too fast for them," he said.

Last December Ralph Roe and Theodore Cole, two long-term convicts, disappeared from the rock-bound San Francisco island in a heavy fog.

They were believed to have been blown out to sea by a strong current swirling around the island.

Lucas is wanted in Texas after he finishes his present 10-year term. Johnston said. He was from Johnston where he was serving a life term, and on charges of bank robbery and assault with murderous intent. He also participated in the Alcatraz mutiny of 1936, the warden said.

Convicts Still at Large.

HUNTSVILLE, May 24.—(AP)—Four escaped prisoners who escaped from a prison farm near Houston remained at large today. Four others were recaptured shortly after the escape.

Large Number Are Registered For Sun Swim School

LEARN-TO-SWIM SCHOOL IS PROVING POPULAR DEPARTMENT AT PRESENT

More than fifty boys and girls have registered for the Daily Sun-YMCA Free Learn to Swim School, which is held in the YMCA Pool May 30, June 6, June 13, C. F. Broughton, physical director, said today.

"Swimming is a sport which can be taught at an old age as well as in youth, the same as tennis of golf," he said. Every person should have some form of recreation for later years in order to consider himself physically fit.

With this idea in mind the lessons at the Y are being offered this season at no cost to those who register and are under 16 years of age.

One sport that brings into play every muscle in the human body and is considered a good form of exercise.

Broughton, chief swimming instructor at the institute, added: "Learning to support one's body in the water and subsequently making progress so that it may be labeled swimming is attended to by the instructor in a practical manner. A social stigma is many times attached to the boy or girl, or adult whose answer to 'Can you swim?' is 'No.' The group of boys and girls who are the mature group call the non-swimmer openly or behind his back a beach parader. If this premise is to be openly accepted, the student would feel ashamed at not knowing how to swim. This is a strong argument for any one to learn to swim."

Bad Precedents.

"A person learning to swim, not only learns to swim but practically every law of learning is introduced in the process. The pupil learns to have confidence or lack of confidence in the instructor, to be obedient in the water. A case was cited of a boy whose father threw him into the water in an attempt to teach him to swim. The memory of this unpleasant experience made it difficult for that boy to learn to like swimming. He imagined that every instructor would treat him the same way. Another case was cited of a boy who was told to remain in the water for over an hour and a half. The result was that ever since the boy disliked swimming in water. He never became a good swimmer. Such methods are never applied at the Y pool, but rather a fellowship plan between pupil and instructor is emphasized."

The week of May 30-June 5 has been set as Learn to Swim Week and classes for those wishing to learn to swim have been set aside from the regular classes. All applicants for lessons should make reservations as soon as possible at the Y office as only a limited number for each class can be handled. Clip the coupon below and insert in this paper and present at the YMCA special meeting of all applicants has been called for Saturday morning at 10 o'clock for the purpose of instructing the pupils with the classes, instructors, and helpers and also to receive their official membership cards for the institute.

MINIMUM LOANS ON WHEAT CROP MIGHT PREVENT EXPORTS

FEARED LOANS ON NEW CROP WOULD PEG PRICES ABOVE WORLD LEVELS

WASHINGTON, May 26.—(AP)—The possibility that today's even minimum loans on the new wheat crop might peg prices above world levels and retard exports. Under the new crop control law, the loan rate must be between 60 and 85 cents per bushel, on the basis of the latest parity price estimate of \$1.15.

Recent declines in wheat prices—largely the result of prospects for the second largest United States wheat crop on record and a generally favorable outlook elsewhere—have brought domestic grain quotations very close to the minimum loan level.

Officials of the agricultural adjustment administration said that on the basis of yesterday's grain market quotations, the farm price on wheat was 55c a bushel.

The law sets up a government loan program on wheat when the farm price on June 15 is below 52 per cent parity or when the July crop estimate is in excess of a normal year's domestic consumption and export needs—752,000,000 bushels. Latest estimates predict a United States crop of at least 950,000,000 bushels.

AAA officials privately expressed concern over the wheat loan program and said they expected many wheat growers to protest if the loan rate were set at the highest figure possible.

ADVISORY COUNCIL FAVORS EXTENSION OF SOCIAL SECURITY

FEDERAL OLD-AGE INSURANCE WOULD TAKE IN EXCLUDED DIVISIONS

WASHINGTON, May 24.—(AP)—The advisory council on social security recommended today extension of the federal old-age insurance program to employees of private non-profit religious, charitable and educational institutions.

The council also suggested, in a letter to Chairman Arthur J. Altmeyer of the social security board, that the program be extended as rapidly as feasible to include additional grounds now excluded.

The 22-member group asked assistance of the board in gathering information on the feasibility of including farm labor, domestic employees and self-employed workers.

It opposed any reduction at this time in the two per cent payroll tax shared by employer and employee because of lack of information on the operation of some phases of the plan.

The council asked for information on the "social, financial and administrative problems" involved in possible extension of the program to farm labor, domestic and dependent children, including that it believed such a program had "sufficient merit to warrant further intensive investigation."

The council was created a year

Audie Ray Tyner, Jr., of Ennis visited in Richland Sunday afternoon.

The agent here for the past month, Mr. and Mrs. Buck Hubbard went to Sherman Monday where Mr. Hubbard will be third clerk operator for the railroad company. Mr. Wassey, who worked here before, has again taken charge of the depot for the present.

School closes in Richland Friday of this week. Most of the teachers will return next year. We understand Mr. Sands will be the superintendent.

Mrs. Van Elkins was in Corsicana last week.

Misses Ernestine and Mary Lue Allen of Fort Worth and home folks Saturday afternoon.

Miss Nan York has been on the sick list.

Clyde Chunn is also on the sick list.

Madamess W. T. Carter, Allen Anderson, Bill Brown, Lucille Balaieu, Dora McCrary, and little Maxine Brown motored to week to visit their sister-in-law, Mrs. Ballew and family and to see their niece and cousin, Miss Frances Clyde Ballew, graduate from high school. All had a pleasant trip.

Vacation time will soon be here and the girls and boys who are away at school will be returning home for the summer.

Regular Meeting Of Women's Golf Club Held on Wednesday

The regular meeting of the Corsicana Women's Golf club was held Wednesday at the Country club and there were 20 players out to take part in the play.

In the 18 hole flight, Mrs. Charles Holloway won the low net and Mrs. Guy Henry won for the best putt. In the 9 hole flight, Miss Sarah Lee Garlity won the low net and Mrs. Carl Anderson the best putt.

The officers in charge of the club were exceptionally well pleased with the turnout for the games Wednesday and the interest being taken by the members.

Mrs. Laura Horn of Kerens is spending a few days in the home of her son, R. M. Horn.

Mr. and Mrs. Melvin Gorman of Montfort spent Sunday with Mr. and Mrs. John Sheets.

Mrs. Bud West spent Tuesday afternoon with Mrs. Robert Horn.

Mr. and Mrs. E. P. Estes were in Dallas Sunday.

Misses Ethel and Margaret Dill of Emhouse were guests of Mrs. Jim Estes Monday evening.

ICKES AND HIS BRIDE FOIL FRIENDS AND ARE ON SECRET HONEYMOON IN ENGLAND TODAY

LONDON, May 25.—Secretary of Interior Ickes and his smiling red-haired bride who is 39 years his junior were expected in England today on a whirlwind honeymoon.

The secretary's plans were not disclosed after the surprise, secrecy-surrounded wedding in Dublin yesterday, but it was believed the pressure of his duties would force a return to Washington after a hasty trip to London and Paris.

Secretary and Mrs. Ickes outsmarted everyone, however, and lost themselves somewhere in the British Isles on the second day of their secret honeymoon.

Friends and well-wishers in London met Irish boat trains but went home with their welcome speeches unspoken.

The bride's uncle, John Cudahy, United States minister to Ireland, did not attend the ceremony in a small Presbyterian church in Dublin. Immediately afterward the 64-year-old Ickes motored to South Ireland to catch a boat for England, and did not see

Cudahy at all. Ickes arrived in Ireland just before the wedding. So well had the romantic secret been kept that even the minister knew Ickes only as an American "civil servant and lawyer."

The blunt-spoken cabinet member's own description of himself when he signed the marriage register, Mrs. Ickes, the sister of Mrs. Wilmarth Ickes, widow of the secretary's step-son, was a former employee in two of her husband's departments.

At Mrs. Jane Dahlman, the 25-year-old Smith College graduate spent four months in the National Park service gathering data on historic buildings and sites in 1933. Later she transferred to the reclamation bureau.

In Washington she will be the youngest cabinet wife.

Described by former associates there as "gay and charming" but with a serious-minded interest in research and a belief in her husband's social theories, she had assisted the secretary in the last year in remodeling his Maryland farm home, Headwaters, where she will live.

WIDE-EYED, TOW-HEADED BOY OF THIRTEEN WITNESS TODAY IN EFFORT SAVE HIS BROTHER

By MARY ELIZABETH PLUMMER

NEW YORK, May 25.—(AP)—A wide-eyed, tow-headed boy of 13 today testified in the defense of his older brother's defense today as the state retried its first-degree murder case against 16-year-old Donald Carroll, accused of killing his sweetheart, Charlotte Mathieson, 18, last March in an uncompleted suicide pact.

The first defense witness, Douglas Carroll, marched to the stand and gravely told of coming home from school on the day of the shooting and hearing Donald crying:

"He was praying for the Lord to kill him," said Douglas.

When he entered the living room of their Jackson Heights home, the younger said, he noticed his father's army pistol lying on the sofa.

"I didn't think that was a very safe place for it," he said, "so I took it into the kitchen and put it on a shelf."

Assistant District Attorney Joseph V. Losonzo rested his case 25 minutes after the second day's testimony began.

The prosecutor's final witnesses were Dr. Alexander O. Gettler, chief toxicologist, and Dr. Harry Schwartz, chemist, the chief medical examiner's office.

Dr. Schwartz gave a routine analysis of his examination of the girl's clothing.

To Call Parents.

Defense counsel said he would call the dead girl's parents, who have expressed a desire to help the boy who killed their daughter.

Thomas Eganman, 16-year-old friend, testified that Carroll discussed his troubles with him the day before the shooting.

He quoted Carroll as saying he and the Mathieson girl were "just kids having a swell time," when they suddenly found themselves facing the prospect of parenthood without the means of marrying.

The witness said Donald told him that Charlotte had suggested suicide, but "quitting" was not "I didn't see why she should take the rap for everything."

Another schoolmate, Leonard Sternberg, 16, said Donald gave him his school bag the day before the shooting with the remark that he "wouldn't be needing it any more."

"It's so easy now," said Mrs. Fred Mathieson, "to see how this happened."

That was after a harrowing session when she had seen the gun that killed her daughter, heard the trigger click in the prosecutor's hands and heard from a medical examiner that Charlotte was an expectant mother.

Donald's parents sat beside the girl's parents, bewildered with re-remembering how short a time it was since the boy on trial was playing with tin soldiers—imagining the bullets in his father's service revolver were big shells, in a mock war.

Texarkana Liners Win When Homer Comes in Tenth

By The Associated Press

The Texarkana Liners held a two-game lead in the East Texas league race today because Bob Williams, Palestine twirler, put one where he shouldn't have.

Williams and Lefty Davis were in the midst of a pitching duel until the tenth when, with the score tied, 5-5, Lusk homered.

Longview fell back by taking a 1-0 drubbing from Jacksonville. It was another pitching duel, between Steve Colosky and Harry Boyles. Stan Katkaveck singled in Hank Wayton for the only tally.

Wayton fell out of a tie for third place with Marshall to fifth position by losing to Henderson, 11-0. Six Tyler pitchers tried to do something about it but Gib Williams held the Trojans to three singles.

Marshall beat Kilgore 5-1 behind Jack Van Oradoll's five-hit pitching to take over undisputed third place. Jacksonville moved into fourth place.

Mr. and Mrs. Noble Downey, who have been working in Dallas the past few weeks spent the week-end at home.

Lowry Martin is BANQUET HONOREE IN AUSTIN TUESDAY

Lowry Martin, newly elected president of the Texas Good Roads Association, spent Tuesday in Austin on business for this organization. At the noon hour at the Stephen F. Austin Hotel Mr. Martin was honored by a banquet given for him by good roads enthusiasts of the state.

Mr. Martin, who was the principal speaker, was introduced by Sam Harbin of Dallas, secretary of the Texas Press Association; Ted Ferguson of the Texas Power & Light Co., Dallas, was an invited guest.

Among those present for the banquet were members of the highway commission, officers of the Texas Good Roads Association and many others interested in this phase of public work.

Mr. Harbin and Mr. Ferguson accompanied Mr. Martin to Austin coming through Corsicana for him.

Nearly Nineteen Million Bales Of Cotton Produced

WASHINGTON, May 25.—(AP)—The agriculture department issued revised estimates today for the 1937 cotton crop—the largest ever grown—showing production, exclusive of linters, to have been 18,946,000 bales of 500 pounds gross weight, compared with 12,309,000 bales in 1936.

The area under cultivation to "cotton July 1, 1937, was 34,471,000 acres, compared with 30,560,000 a year previously.

Yield of lint cotton was 266.9 pounds to the acre last year, compared with 197.6 in 1936.

The revised estimates by states of the area in cultivation July 1, area picked, acre yield and total production for 1937 indicated:

Texas—12,760,000; picked, 12,530,000; yield, 197; production, 5,154,000.

Barry

BARRY, May 25.—(Spl.)—Mr. and Mrs. Dan Kelly of Eldorado, Ark., and Mrs. G. W. Corley of Rust visited Mrs. L. I. Taylor Wednesday.

Mr. and Mrs. E. L. Wright of Portales, N. M., visited their mother, Mrs. D. W. Wright, over the week-end.

B. E. Adair, wife and son, Brodie, and Mr. and Mrs. W. D. McCarty of Lubbock visited relatives here this week.

Robert Varnell of Oklahoma City is spending a few days with his parents here.

Oran Runnels, wife and children of Welsh, La., are visiting relatives here this week.

H. V. Ragsdale and wife are the proud parents of a baby girl born Sunday night.

Mrs. N. J. Grimslett is visiting relatives in Milford.

Beauty Diary

of Edna Kent Forbes
PROTECTED HANDS.

Read in today's talk what an easy matter it is to keep your hands and nails in perfect condition, no matter how much you require of them.

It is not too much to say there are no idle women any more; even rich women find outlets for their energies in some kind of work. Frequently work that women do necessitates using the hands, and the hands must not show how much work they really do. This is possible whether you are cleaning, or selling, or secretarial work, or just doing all the work in your own household. The only way this is done is by protecting the hands with gloves when there is scuff work, work that begrimes the skin, and over all times when the hands are in use for a long period in water, that will absorb the natural secretions.

A busy woman cannot take a lot of time for pulling gloves on and off, so have your rubber gloves large enough over arms and wrists for quick changes. It does not pay to get cheap ones, and those from 45 cents to a dollar a pair last a long time, and are well shaped, so fingers are flexible and the wrists are large enough for slipping on and off quickly. Your old cotton or stretched kid gloves will be useful for every other job, gardening, a little painting, dusting, handling rough tools, etc.

If you cannot wear gloves, since the work is away from home, scrub hands and nails whenever soiled, and have a quick drying hand lotion to follow each time. Use lemon juice for stains, and at night give the hands plenty of oil, especially the nails, to keep the skin supple, and the nails fed so they will not be brittle.

Mrs. K.—There is no reason why you should not use your oil cream as a powder base, and you do not have to include a vanishing cream for your toilette. A wet bit of oil used over so lightly over the skin will be a perfect base for powder.

Mrs. Y.—Cold water as a final rinse after cleansing the skin will not act as a tonic to it, and you will have no need for an astringent. Any of these will be drying, so the very dry skin is best off with these omitted, unless the dryness is offset all the time with enough oil.

Mrs. V. D.—The sulphur and oil treatment you are advised to take before a shampoo would be helpful, as cases of dandruff need oil and also an antiseptic.

T. T.—Rub plenty of oil into your nails at night and they will not be so brittle. Train yourself to work with mops so you will not have to immerse your hands in the hot water very much. I realize it does take time to pull rubber gloves on and off, but by using mops you can save your hands a great deal of hard wear. You will find after a little experience that you will be able to grow a number of them may be done when your hands must be protected. There will be other groupings, too; possibly cloth or washable gloves will be needed at that time, while still others will need no protection.

If you have any beauty problems you cannot solve, write for Edna Kent Forbes' three N.Y. beauty booklets: (1) "Fifteen Minutes' Day for Beauty," (2) "The Five Points of Beauty," (3) "Eating and Bathing for Beauty." Send ten cents (five stamps) for each booklet, a day for printing and handling and enclose a stamped, self-addressed envelope. Address: Edna Kent Forbes, c/o this paper.

CONSIDER THE COST WAS TOPIC COOKING SCHOOL WEDNESDAY

SUN AND LIGHT COOKING SCHOOL LARGEST AND MOST SUCCESSFUL EVER HELD

The "Consider the Cost" was the topic for the closing lecture of the "Happy Kitchen Cooking School" sponsored by the Daily Sun and Semi-Weekly Morning Light.

The school, which was the largest and most successful cooking school in the history of the Daily Sun, has been in progress the past three days.

Gertrude Burbank, who conducted the school, stated that it had been a great pleasure to have been there the past three days.

She displayed a wooden spoon that the REA store was giving for the school, which she had distributed during the afternoon, and mentioned, again, all the electrical kitchen appliances that the REA store had installed for the cooking school, which would be offered at a liberal discount.

Taking up her subject "Consider the Cost" Mrs. Burbank took \$13.00 a week as a basis for the cost of a family of four, which might seem to some a low figure, but which is a fair representative average, according to recent surveys.

She then divided each food dollar into fifths, spent 15¢ for milk and cheese, 15¢ for bread, 15¢ for meat, fish and eggs, and 15¢ for less for fats, sugar and incidentals. Divide 15¢ by 5 for four groups and each group comes to 3¢, which is a very small saving mistake.

Thousand Meals Per Year.

Mrs. Burbank estimated that we plan 1,000 meals for the year, which would be 10¢ per meal, or 10¢ per day, or 10¢ per week, or 10¢ per month, or 10¢ per year.

She said that all appreciate their home, and appreciate the more who is head of the home, for the hasn't an easy task in making a living, since preparation is kept in mind in spending the food dollar, so that they could save something for a rainy day.

Each firm and manufacturer participating in the school was awarded and their products praised; and she asked that her large class remember these special firms and manufacturers as they had made the cooking school possible.

At the closing day Mrs. Burbank had prepared a Swift's premium roasted ham, cooked in the electric roaster that the Texas Power and Light Co. gave as a prize, and a cherry tomato; also old fashioned potato salad surrounded by sliced tomatoes; artichoke hearts and radish roses; hot rolls, baked asparagus, layer cookies and fried squares.

She said that good-by Mrs. Burbank said she would write this school down in her book of memories as one of her outstanding cooking schools of 1938.

Mr. Burbank said his gratitude for the interest manifested in the school and thanked everyone who had assisted in any way in making it such a wonderful success.

Nelle McWilliams, daughter of Mr. and Mrs. C. E. McWilliams, drew the tickets from the box as the prizes were awarded.

The electric roaster was won by Ray Whiteside, son of the janitor of the high school.

Mr. Burbank said the other foods on display were sent to the Sun office and presented to the Messrs. Martin and Wortham.

Tuesday's Recipes.

Among recipes used Tuesday are the following:

Oven Fried Chicken. Broiled Fillets Mignon, Kentucky Salad, Italian Cream Cake, Chocolate Ice Box Cake, Coffee Spice Cake with Mocha Filling, Lemon Cream Pie, Tomato Biscuits.

Oven Fried Chicken. 2 cups of light cream or milk, 2 cups finely sifted dried crumbs, 2 tpsns salt, 1-4 tspn KC baking powder, 1-4 tspn pepper, 6 tpsns chicken, 1-4 tspn salt.

Cut chicken as for fricassee. Dip each piece in light cream and in crumbs mixed with salt and pepper and KC baking powder. Brown in hot shortening. Remove chicken to casserole, add remaining cream. Cook 350 degrees for 1 hour and 30 minutes or until tender. Uncover the last 15 minutes.

Broiled Fillets Mignon. Wipe fillets, lay on grill and broil. When partly done lay on greased hot plank. Arrange potatoes, cream, fillings and garnish with green beans and flowerlets of cauliflower dipped in cheese sauce.

Kentucky Salad. 1-2 tpsns gelatin in 1-4 cup cold water, dissolve in 1-4 cup boiling water, then add 1-4 cup sugar, 1-4 cup vinegar, 2-3 cup pineapple juice, 1 tpsn lemon juice, 1 tpsn tarragon vinegar. Fold in 1-2 cup each of pineapple cubes and 1-2 cup celery. Serve on lettuce.

Italian Cream Cake. 6 eggs beaten thick and light. Add gradually 2 cups sugar, 4 tpsns lemon juice, continue beating. Sift and measure 2 cups Gold Chain flour, 2 tpsns KC baking powder, 1-4 tspn salt, and beat again. Then add 12 tpsns boiling milk, 1 tpsn lemon extract. Bake in angel cake pan. When cooled, cut into layers, fill with cream, fill and decorate with whipping cream.

English Cream. 1 pt hot milk, 2 eggs or 4 yolks, 3-4 cups sugar, 1-2 cup Gold Chain flour, 1-4 tspn salt, 1 tpsn vanilla. Cook until thick, cool. Cool and spread between cake.

Chocolate Ice Box Cake. Roll 1 lb vanilla wafers very fine, 1 pkg sweet chocolate and 1 tpsn butter, mix together (melted). Beat 3 egg yolks, add 1 cup powdered sugar, add melted chocolate. Fold in 1 pint cream whip-cream and 3 egg whites beaten stiff. 1 tpsn vanilla. Place crumbs in

COFFEE SPICE CAKE WITH MOCHA FILLING

1-2 cup Crustacean shortening, 1 cup sugar, 1-2 cup strong Admiration coffee, 2 cups Gold Chain flour, 2 tpsns KC baking powder, 1-2 tspn salt, 2 tpsns milk, 2 tpsns coffee. Cook in layers 40 minutes.

Mocha Filling—1 tpsn butter, 1 cup confectioners sugar, 1 tpsn cocoa, 2 tpsns strong Admiration coffee, pinch of salt. Cream butter, add sugar, cocoa and coffee. Beat until perfectly creamy and smooth.

Lemon Cream Pie. Cream 2-1/2 tpsns butter, 3 cups sugar. Beat into this 3 light cream, 2 eggs, 1-2 cup milk, 1-2 cup of thin cream, lastly the stiffly beaten whites of 3 eggs. Pour in pastry lined pie pan and bake 40 minutes at 350 degrees. Cool until firm. Sprinkle pie with toasted almonds.

Tomato Biscuits. 1 cup flour, 2 tpsns KC baking powder. Blend 2 tpsns Crustacean shortening, 1 cup tomato soup, 1-4 cup milk. Carefully mix together. Make into biscuits and bake 450 degrees for 10 minutes.

Sponge Cake. 6 eggs beaten until very light, slowly add 2 cups sugar, 4 tpsns lemon juice and continue beating. Sift and measure 2 cups Gold Chain flour, 2 tpsns KC baking powder, add to mixture, stir beat. Lastly slowly add 12 tpsns hot milk, 1 tpsn lemon extract.

SONS OF REPUBLIC OF TEXAS OFFERING \$100 ESSAY PRIZE

TEXAS HIGH SCHOOL STUDENTS ASKED WRITE ABOUT TEXAS HISTORY SUBJECT

A prize of \$100.00 is being offered by the Sons of the Republic of Texas to the student of a Texas high school who submits the best essay on the subject, "San Felipe de Austin—Capital of Austin's Colony," according to an announcement made this week by Hobart Huse, of Refugio, state president of that organization. The award is made possible by the generosity of Colonel George A. Hill, Jr., prominent oil man of Houston, Texas, and a grandson of James Monroe Hill, one of the heroes of the Battle of San Jacinto. In recognition of the services of this grandchild, the essay committee has designated the contest as the James Monroe Hill Essay contest.

The Sons of the Republic is an organization composed of white male lineal descendants of loyal citizens of the Republic of Texas. One of its major projects is the restoration of the old town of San Felipe de Austin, where the Consultation of Texas met in 1835-1836, and the making of it another Texas Shrine. To stimulate general interest in this project, the essay committee selected the old capital as the subject of the essays to be submitted.

The rules and requirements of the contest as prescribed by the Sons of the Republic Essay Committee are as follows:

1. The contest is open to any white student, in any public, private or parochial high school in Texas. The term, high school, includes students of the eighth to highest grades, both inclusive, whether in a senior or junior high school.
2. A single prize of \$100.00 in cash is offered.
3. Only three essays from each high school will be considered. As many students of each school may compete, all essays being submitted first to a committee of three teachers of the contestant's own school, the committee to be appointed by the principal of the school. The school committee is to select the three essays which in its opinion are the best submitted by students of that school. Those selected to be certified as such by the committee and principal of the school and transmitted to the James Monroe Hill Essay Award Committee of the Sons of the Republic, 619 Citizens State Bank Building, Houston, Texas, the envelope of transmission to bear a post mark of not later than midnight, September 24, 1938.
4. The essays approved by the school committee and received by the essay committee will be read by judges appointed by the Sons of the Republic, who will make the announcement of their award as soon as practicable. It is hoped to make the awards prior to the date of dedication of the Austin monument at San Felipe, in November this year.
5. Points upon which the final awards will be made are: Historical accuracy, 50 per cent; comprehensive treatment, 30 per cent; research exhibited, 10 per cent; diction, 10 per cent. In addition to these, neatness in form of presentation, and originality will be given special consideration. The decision of the judges will be final. All essays submitted whether awarded the prize or not are to be considered the

Grasshoppers In Plague Quantities Panhandle Area

AUSTIN, May 25.—(AP)—A plague of grasshoppers threatens in several Texas Panhandle counties, Governor James V. Allred said today.

In response to pleas for assistance, he has dispatched Major Gaston Howard of the Texas National guard to attend meetings at Amarillo and Dalhart next Monday and look into the situation.

He stated he had been informed the threat extended also to some areas in New Mexico and Colorado.

"The situation appears serious," Governor Allred said. "It merits attention of both state and federal governments."

"As I understand it, the grasshoppers now are in the infant stage and if there is prompt action with poison the threatened scourge can be checked."

"But there may be a regular plague by July."

**UNITED PROGRAM
ON TRINITY WORK
TALKED AT DALLAS**

DALLAS, May 26.—(AP)—Representatives of organizations supporting the improvement of the Trinity river and its watershed, rallied to the idea of a co-ordinated program, seeking a harmonized river, in a meeting here today.

The discussion began at a morning meeting of the Trinity Watershed association and continued through a luncheon of the Trinity Canal association.

A program which for the first time would join forces working toward navigation, flood control, reclamation of flood lands, irrigation of farm lands, anti-pollution, soil and water conservation, and provision of water supplies for cities and industries under a united front, was discussed by speakers.

Capt. Donald T. Wright, of St. Louis, manager and editor of the proposed navigation program, picturing it as part of a national waterways project.

He linked the proposition of the Trinity with a 15,000 mile water ways network of controlled rivers and nine foot deep channels which he said would furnish threefold increase of nation's population with barge and tugboat transportation.

**Representative Of
Wrigley Gum Here**

R. P. Benz, with headquarters in Waco, special advertising representative of Wrigley's chewing gum, is in Corsicana in connection with a special advertising campaign in the interest of this product.

Mr. Benz will remain in Corsicana two weeks and contact all Wrigley gum outlets before leaving the city.

property of the Sons of the Republic of Texas, and may be used or published by the society. It is proposed that the prize winning essay be published in newspapers of the state, and that those of honorable mention be published in the home newspapers of such respective honorees.

The Sons of the Republic plan to make the essay contest on Texas historical subjects an annual affair.

TRAFFIC DEATHS IN TEXAS DURING APRIL SHOWED DECREASE

THIS YEAR'S DEATH LIST IS ALSO LESS THAN FOR SAME TIME LAST YEAR

AUSTIN, May 25.—(AP)—April traffic deaths reported in Texas were fewer than in three years, state police announced. Ninety-four persons died from crash injuries during the month, bringing the 1938 total to 530 deaths, a saving of 45 lives compared with the same period of last year.

The April fatality list dropped 53 deaths under March when 147 lives were lost.

Traffic experts of the state department attributed the sharp decline to public opinion aroused over heavy losses of life during the past year, selective enforcement in high accident toll areas and a persistent drive against traffic law violations, generally.

It was pointed out that a nine per cent increase in gasoline consumption in 1938 indicated more travel on Texas streets and highways. Vehicles traveled an estimated distance of six billion miles in the four month period.

The pedestrian death toll remained high during April with 25 persons killed in 133 motor to pedestrian collisions. There were 1,135 persons reported injured in 1,002 accidents, the state police report revealed.

Col. H. H. Carmichael, state police director, organized the work of civilians and organizations toward reducing accidents.

"Texas cities are setting the pace in the reduction of fatal accidents," declared Col. Carmichael. "Drivers are more conscious of the dangers of reckless and fast driving. Safety clubs, newspapers, radio and other groups are performing outstanding services to supplement the work of enforcement officers in the war against high accident tolls."

State officers predicted an improved traffic situation for 1938 with the amended driver's license law removing three per cent of tested drivers from the highways, the inauguration of widespread vehicle inspection programs, and the assignment of 100 additional officers to duty after June 1.

**ALDERSGATE NIGHT
OBSERVED TUESDAY
FIRST METHODIST**

With Dr. Roy A. Langston, pastor of the First Methodist church, Dr. C. R. Gray, presiding elder of the Corsicana district; Rev. B. E. Byus, pastor of the Eleventh Avenue Methodist church; Rev. H. B. Clark, pastor of the North Corsicana Methodist church; Rev. R. W. Nation of First Church, and Rev. M. B. Howell, pastor of the Methodist Protestant church, present and at the altar of the First Methodist church, Tuesday night, Aldersgate night was held.

Dr. Roy A. Langston presided, the prayer was given by Rev. Mr. Howell, the Scripture was read by Rev. Mr. Byus. Clark gave a brief talk on the history of the church and conversion of John Wesley and Dr. C. R. Gray, officiated at the dedication service at 8:45 the exact time 200 years ago the chapel in Aldersgate street at which time Wesley the founder of Methodism had his heart warming experience. Dr. Langston conducted a testimonial service.

The congregations of the four above mentioned churches observed the Holy Communion, administered by the Methodist pastors. Dr. Gray in his statement said that the commemoration held locally Tuesday night was being observed throughout the world at the same hour and that the celebration touched the lives of some 50,000,000 Methodists.

The celebration Tuesday night brought to a culmination the second phase of the Bishop's crusade, that has been under way in Methodism the past two years.

**Beautifully Framed
Poems Presented to
Daily Sun and Light**

The office of the Corsicana Daily Sun and Semi-Weekly Light is grateful to Frank N. Drane and Miss Arabella Jester for three beautifully printed and framed poems, which it received today. The poems are "Trees" by Clarence Ouseley; "Grass" by John J. Ingalls; and "Agricuture," written by Mr. Drane and Miss Jester. Mr. Drane and Miss Jester have presented the framed poems to every school in Corsicana and Navarro county.

Rodeo
Bigger and Better
May 27th and 28th, 8:15 p. m.

T. M. Shelton et ux to J. F. Dressing, Jr., 1-16 interest in 65 acres J. W. Moore survey, \$10.

Justice Court.
Two were fined on drunkenness charges Monday by Judge W. T. McFadden.

**MURDER CHARGES
FACE CONVICTS IN
ALCATRAZ ATTEMPT**

SAN FRANCISCO, May 25.—(AP)—Murder charges, prelude to possible execution in California's lethal gas chamber, were prepared for filing today against the two Alcatraz federal prison inmates who survived Monday's escape plot in which a guard and another convict died.

The death yesterday of R. C. Cline, 36, senior custodial officer at the penitentiary for hardened criminals, paved the way for the murder charges, which Assistant United States Attorney A. J. Zirpoli said would be asked of the federal grand jury.

Cline died in the marine hospital from a terrific hammer beating he received in the fruitless escape plot of Thomas R. Limerick, 36, who was fatally wounded by a guard's rifle. Rufus Franklin, 24, who was wounded in the shoulder, and James C. Lucas, 26, who surrendered as his co-conspirators fell.

FAILURE OF BOTH ENGINES SAME TIME CAUSE PLANE CRASH

TEN PERSONS KILLED TUESDAY NIGHT AS AIRLINER FALLS NEAR AIRPORT

CLEVELAND, May 25.—(AP)—W. A. Patterson, president of United Air Lines, said today that the trim twin-motored airliner which dove into a suburban ravine last night, killing ten persons, suffered "simultaneous power failure of both engines" just before the crash.

Patterson said an investigation of the wreckage, only eight miles from Cleveland airport where the plane was scheduled to land, showed that "neither of the two engines was in operation at the moment of the impact."

"It is pertinent," Patterson said, "that in United's flying experience of many millions of miles with twin-engined airplanes which are capable of sustained flight with one of the two engines, this is the first time the company has experienced what appears to be simultaneous power failure of both engines."

Experience furnished by an experienced pilot in person of the airport control tower operator and others strongly indicates that fire occurred after rather than before the impact.

The two pilots, the stewardess and all seven passengers died as flames leapt at the wreckage of the United Air Lines ship, bound from Newark to Chicago via Cleveland.

Dr. S. R. Gerber, coroner, after examining the bodies, said he believed fire was the cause of death of all ten. Dr. Gerber said it was "impossible to tell" because of the condition of the bodies what injured the victims, but he declared his belief that all were lying when fire engulfed the plane. A "probably were unconscious, he said."

His official finding was "accidental death caused by fire." Among the passengers was John Brostuen, republican state chairman of North Dakota, who was returning to his Alexander, N. D., home from Washington.

The plane, flying under a clear sky, swooped toward earth in sight of Cleveland airport. It clipped off the tops of trees two feet thick and plunged into a natural grave in the wooded gully.

One of the motors was sheared off and left atop a side of the gully, 25 feet from the plane itself, which landed in a mass of wild grape vines. A wing was left 75 feet from the two trees it clipped off.

Firemen in suburban Independence village, where the crash occurred, battled the flames for several hours and dug into the smoke-topped debris for the bodies from which the clothes had been burned almost entirely off.

Firemen and policemen worked in the light of the flames, lanterns and flashlights.

List of Dead.
Then District of Commerce inspectors searched the wreckage for some clue that might throw light on the cause of the crash. United Air Lines listed the dead, besides Brostuen, as:

L. Arthur Doty, 42, of Watertown, Mass., en route to Chicago to attend funeral services for his brother Harold, who had died only a few hours before. The crash victim was a district credit manager for the Texaco Oil Co. C. E. Lickel, New York business man.

R. P. Morrell, New York importing firm salesman.
J. R. Moffett, identified with the Masonite Corp., Chicago.
E. H. Vebelin, 43, of Los Angeles, chief test pilot for the Douglas Aircraft Co., and former air mail flier.

Richard C. Lewis, Ansonia, Conn., salesman.
Pilot James L. "Monty" Brandon, of Chicago, a flier 39 years of age, Co-Pilot A. S. Merrifield, of Chicago.

Stewardess Mildred Macke, of Chicago.
Andrew Zemba, 30, one of the first to be killed in the crash, said he saw the airliner streaking low near his home.

"Flames were coming out of the plane," Zemba said. "Only one motor was running. The motor shut off and a second later it crashed."

"When we got there it was all afire, except in back. The flames rose 100 feet or so. I couldn't see any people in the cabin because of the flames, but could see two up front. The trees nearby were burning."

LUTHER ARNOLD, POWELL FARMER, DIED HERE TODAY

Luther Arnold, aged 59 years, died at the P. and S. Hospital Tuesday morning at 2:30 o'clock.

He had been ill only a short time. Mr. Arnold was a native Texan and had been a farmer in the Powell community for the past 40 years.

Surviving are his wife, two sons, Tom Arnold, Amarillo, and Bill Arnold, Yoakum; three daughters, Miss Johnnie Arnold, Corsicana; Mrs. Thomas West, Roma; and Mrs. Marie Richards, Corsicana; six grandchildren, a brother, Albert Arnold, Commerce and a sister, Mrs. Ollie Pillow, San Angelo.

Funeral services will be held at the Oak Grove church Wednesday afternoon at 4 o'clock. Interment will be in the Oak Grove cemetery.

**Big Spring Women's
Golf Tourney Under
Way With 38 Playing**

BIG SPRING, May 26.—(AP)—Match play was under way this morning as 38 golfers teed off in the annual Big Spring Women's Invitational tourney.

Medalist was Mrs. Gordon Phillips of Big Spring, who shot one under par, 38, to defeat Mrs. Theon Hicks, Odessa, in a nine-hole playoff round after the two had tied with 81's. Mrs. Phillips, listed as a co-favorite in the meet with the defending champion, Miss Elinor Jones of Albuquerque, N. M., opposed Mrs. Sam O'Neal of Odessa in her first match. Miss Jones was paired with Mr. Sonny Hackrider of Midland.

Card of Thanks.
May we take this method of thanking those who helped in any way during the sickness and death of our beloved husband, father and brother, U. E. Price, among them the First Baptist church of Wortham, the Masons and the entire people of both Currie and Wortham communities.

May God's richest blessing rest upon those who were so kind and thoughtful.

Mrs. U. E. Price and daughters: Dr. R. J. Price, Mr. Herman Price, Miss Eileen Price, Mrs. D. F. Morton.
